

PUNCH ROOM
MADRID

WELCOME BACK TO PUNCH

For nearly a decade, we've been sharing our love of punch. Punch Rooms at EDITION Hotels have ventured through this rich category of libations, seeking to provide a level of complexity across years and years of historical context. With the opening of The Madrid EDITION, we are taking a step away from the restrictions of classic form and moving toward a modern focus on flavor and emotion. Inclusivity without boundaries is a core value of EDITION, and each of our offerings at Punch Room in Madrid reflects a world in which our understanding of each other grows exponentially with each new connection we make.

Punches are composed of a classic five elements of flavor: Spirit, Citrus, Sweetener, Dilution, and Spice. Where we have, in the past, honored and recreated classic punch recipes from the history of the category, we are now looking more closely at their foundations. We're expanding our scope to include unconventional spirit combinations, and unexpected flavor pairings from a wider array of non-traditional botanicals.

Centuries ago, the Spanish empire left its mark on the western hemisphere's indigenous populations, and only now are we seeing the modern cuisine of those regions coming full circle, taking center stage on the cutting edge of food and spirits in Madrid. In similar fashion, Punch Room at The Madrid EDITION applies global inspiration to re-define punch for a contemporary experience. Old World elements of whisky and sherry meet New World traditions of pisco, cachaca, and agave spirits. Classic teas and cava mingle with Asiatic flowers and coconut. Join us as we bend the rules a little bit.

DAILY PUNCH

Ask for details

CLIPPERTON PUNCH

We thought it might be interesting to see what would happen to punch if we excluded the use of citrus and tropical fruits. This mouth-watering punch uniquely draws its appeal with freshly-crushed raspberries and the gentle tannins of green tea. We think you'll be pleased.

INGENUE PUNCH

If fresh citrus is what you're looking for, this punch sings the usual songs at just the right pitch and expands its range in the bass clef with a foundation of multiple spirits. We added an attractive, tart, leafy garnish, and we think you should taste it, to hit the high notes.

CORSAIR PUNCH

Talking about the OGs of swashbuckling here, like famed corsair Jean-Francois Roberval. These pirates darted across the Caribbean in sleek, efficient ships, raiding Spanish galleons for Peruvian gold en route to Havana and Santo Domingo, all in the name of France. This punch similarly takes swift action on your palate.

WHITE ELEPHANT PUNCH

"Wow! What's in this punch?"

averts gaze

"Oh, you know....Just some magic I had around the house. I'm so glad you like it."

SEVENTH INNING PUNCH

It's okay to take a break and order this non-alcoholic punch. You don't have to pound the drinks all night. Hey, some people just don't drink at all, and that is A-OK. No judgements at the bar. At least, not while

Cachaza, venezuelan rum, crushed raspberries, green tea, Amaro Nonino, pear cordial, seltzer, fresh mint bouquet

Blended Scotch Whiskey, Aged Jamaican Rum, lime, lemon, orange, black tea, Pedro Ximenez Sherry, Elderflower, oxalis triangularis

Pisco Puro Italia, Grand Marnier, pineapple, cava, Drambuie, Maraschino, lime

Reposado tequila, Rye Whiskey, mango, cummin seed, pineapple, bergamot, Cynar

Wild strawberry, Calpico, black tea, coconut water, strawberry tomato shrub, chiloe pepper

ABSOLUTE BEGINNERS

Yes, that's a film reference. Yes, we know it wasn't a tour de force. But it had Bowie, Ray Davies, and Sade, so you can't help but secretly love it. Kinda like this punch, especially if you're new here. We all have our guilty pleasures.

THE SPANISH MATCH PUNCH

What's a king to do when English privateers go marauding in Spanish waters? Try to arrange a marriage between his daughter and the Prince of England, of course. Alas, for Kings Philip III and James I, nearly ten years of negotiations only led to war. This punch, on the other hand, doesn't even take ten minutes, and has a much nicer outcome.

SRS Y SRAS

Gather close and keep your eyes right here. Yes, don't you worry about the description to the right; it will only mislead you, with oddball pairings of spirits, pineapple, and... Calpico?! All you need to know is that this punch is smooth, delicious, and you should order another one before your server disappears.

ARCH-NEMESIS PUNCH

Some ingredients are divisive, and we're used to hearing people say things like, "Oh, I hate Gin!" Don't hate, babe. Haters don't make friends. It's okay if some of the things in this drink are your enemies. We'll negotiate the truce for you.

COSTAS LEJANAS PUNCH

Not everything has to be complicated. This punch is pretty much everything you'd want and expect it to be: Bright, tart, vaguely tropical but definitely not tiki, refreshing like watching a sunset on the beach. And then there's that rhubarb liqueur, but don't fret – it's just a little bit. You'll be fine.

PUNCH DE SOCIALISTAS

What if we applied the equal parts rule to a punch recipe structure? Equality for all ingredients? It almost worked, and the unusual result is quite tangy

Cava, grapefruit, curacao, bergamot liqueur, apricot liqueur

Single Malt Scotch, manzanilla sherry, vodka, calvados, lime, oolong tea, ginger ale

Espadin Mezcal, Yellow Chartreuse, pineapple, Scotch Whiskey, green tea, savoir faire, Kraken rum, lime

Plymouth Gin, VS Cognac, Fino Sherry, pomegranate, Cardamaro, apple shrub, seltzer, yes we know but trust us on this one

Tequila reposado, Puro Quebranta Pisco, coconut lime sherbet, pink grapefruit, cranberry, coconut water, rhubarb liqueur, electric dust

Venezuelan rum, Barolo Chinato, dried osmanthus, pomegranate, lemon sherbet, Cardamaro, rooibos, Pimm's, fresh ginger and lemon, bergamot
