

tölt

With a rhythmic ease,
Tölt is a smooth,
four-beat gait where
Icelandic horses appear
to slide forward in an
effortlessly smooth,
and elegant way
in perfect harmony with
the Icelandic landscape.

A landscape constantly in flux, Iceland's culture moves to its own rhythm. The rest of the world can do as it will, but like the tölt of the native horses, the perspective of Icelanders remains fiercely independent, and permeates everything that comes to these shores.
