Americas: Part One

The first Punch Room made its debut with the highly anticipated 2013 opening of The London EDITION, quickly setting a new standard for authenticity and quality. By reviving recipes that have endured through the centuries, it established itself as a distinguished destination, offering a unique blend of intimacy and conviviality in a setting renowned for its warm, welcoming atmosphere.

Successive Punch Rooms have premiered at select EDITION hotels around the world, with each location chosen for its distinctive culinary and cultural perspectives. Since its debut, Punch Room at The Tampa EDITION has been at the forefront of the Tampa Bay area's beverage scene, pioneering innovative concepts and activations that consistently set trends and elevate the standard for craft cocktails across the region.

Our latest menu concept will take patrons on a journey through the Americas in two parts, beginning in North America. In part one, we delve into the continent's vibrant cultures, starting in the southern reaches of Mexico and winding our way northward through the U.S. into the picturesque landscapes of Canada. This captivating new chapter features cocktails crafted with native ingredients — each channeling the spirit of its origin to deliver bold flavors that are as familiar as they are surprising.

It's a drinking experience like no other—refreshing, unexpected, and unforgettable.

Signature Punch

Made with whiskey (strong), lemon juice (sour), and sugar (sweet), and diluted slightly with ice melt (weak), the Whisky Sour is essentially a downscaled punch adapted for individual enjoyment. It mirrors core structure of a punch, while embracing a brighter, spirit-forward profile.

Jerry Thomas's 1862 Bartender's Guide, the first American cocktail manual, positioned sours as direct descendants of punch, emphasizing their shared DNA. Maritime origins further deepen this connection: sailors' anti-scurvy remedies of spirits, citrus, and water were essentially portable punches, eventually refined into sours on land.

Ours draws inspiration from the pineapple - known for its symbolism in hospitality, as well as its tropical notes - a nod to Florida's sun-soaked climate.
